

## Practices and Responsibilities towards Business Partners

1. Refrain from accepting or paying any dishonest benefits in business contacts or negotiations with trading partners. Treat trading partners transparently, fairly, and equally, based on receiving fair returns for both parties.
2. Establish clear and fair procurement and hiring policies in selecting business partners with the potential for sustainable business operations. Strictly adhere to contracts/trade terms agreed upon with business partners. In the event that the conditions cannot be met, the company will promptly notify the business partner to jointly consider solutions using reasonable principles.
3. Provide opportunities for business partners who conduct business legally and do not engage in or support corruption in any form, both directly and indirectly.
4. The company places importance on building good relationships and jointly developing the potential for sustainable supply chain management by communicating effectively with business partners about integrated supply chain management, planning potential development, promoting, supporting, and encouraging business partners to have good joint management. This includes enhancing the capabilities of business partners through social and environmental sustainability assessments to maximize operational efficiency.
