

## Quality, Environmental, Occupational Health and Safety Policy

Thai Rubber Latex Group Public Company Limited operates the business of manufacturing concentrated latex and skim block rubber, focusing on producing products and services that meet customer requirements, as well as maximizing satisfaction for customers and stakeholders. At the same time, the company acknowledges the importance of environmental impacts resulting from its activities, products, and services, including hazards that may lead to injury or illness among personnel or stakeholders.

The company is committed to establishing, implementing, maintaining, and continually developing the Quality, Environmental, Occupational Health and Safety Management System based on the following commitments:

1. Commit to complying with relevant laws and obligations.
2. Improve production efficiency and product quality to meet standards.
3. Prevent pollution and protect against environmental impacts, including preventing injuries and illnesses that may occur on the job.
4. Provide support for the necessary basic resources to maintain and continually develop the management system.
